

EAGLE LAKE PROPERTY OWNERS ASSOCIATION

9 No. Tappan Landing Rd.  
Tarrytown, NY 10591

December 12, 1979

Dear Executive Member:

I hope this letter finds you and your family in the best of health.

At the suggestion of our good friend, Mr. Bob Stevens, I wrote to Dr. R.T. Oglesby of Cornell University pertaining to the algae condition at Eagle Lake.

I have received his reply, and I am enclosing copies of same for your perusal. I have also included copies of correspondence I have had thus far concerning the Eagle Lake Property Owners Association.

I will endeavor to keep you informed as to what is happening, and keep you advised of suggestions that have been made concerning Eagle Lake.

Muriel and I want to wish you and your family a very Happy Holiday. I am,

Sincerely yours,

David Warren

Mr. Robert C. Stevens  
1 Green Ridge Road  
Pittsford, N.Y. 14534

Dear Bob:

I want to thank you on behalf of myself and - I am certain - all the other members of the Eagle Lake Association, for the dedication, time, interest and concern you have manifested for the improvement of our lake and its environment.

Please extend our sincerest thanks to Mr. Frank Vertucci for his efforts on our behalf.

I have written to Dr. Oglesby at Cornell, and shall keep you advised of his reply.

The information I have received from your letters has been extremely informative, enlightening, and constructive. I do believe this information should be conveyed to all of our members in the form of a newsletter. We could take this information and condense it, showing the pros and cons of the program we have discussed. With everyone knowing what neglect may cause, we may have a better chance of implementing a constructive program at our Annual Meeting.

What is your opinion?

I hope you and Jane are enjoying the best of health.

Sincerely,

DW:fb

David Warren
