Dear Mr. Cowan

We understand from Francis Smith and Pater Buechner that the Ti Fish and Game Club is considering erecting a temporary screen every year across the outlet of Eagle Lake during the spawning season to prevent the Browns from leaving the Lake.

This would seem to be a most worth-while project and we would like to lend you our support.

Please let me know the details, time schedule, etc. and we shall help expedite the procedure.

Yours truly,

Anne T. Conklin
President
