

April 30, 1991

Dear Peter:

our Association's dues are due to the Federation of Lakes Association. I have enclosed an envelope which you can use to send our check for \$30.00. Would you please take care of this matter at your earliest convenience.

My feelings on the site for our Annual Meeting and picnic are these:

I would prefer holding our meeting and picnic where we held it last year, at the Teondroga Fish and Game Club. I would like to invite, Mary-Arthur Beebe, Executive Director of the Lake George Association to speak to us concerning the status of "Sonar" as it relates to use in New York State; The status of the methods used thus far in controlling the Milfoil problem in Lake George and what can our Association do to help promote "Sonar". Also, I would like to invite the Presidents of the Schroon Lake and Route 74 Associations as well.

Having the affair over at the "Crown Point Beach" makes it difficult for guest to get there.

If you are in agreement, I will contact Dianne
and Bob Delano for their feelings.

The sooner you pick the date and time, the
sooner I can book Mary-Arthur Beebe.

Also enclosed, is a copy of a letter I sent to the
Supervisor of the Town of Ticonderoga concerning our
Milfoil problem and a Post Star article on the same
subject.

Hope to hear from you soon.

Sincerely
Bee Allan
