Mr. William R. Allen

Rhinebeck, New York 12572

Dear Bill,

I am enclosing herewith the last of the petitions from the Crown Point side of Eagle Lake.

Please note that Doris Weisheit did not have her signature witnessed, the witness then being notarized. However, the notary stated that Doris appeared before her personally.

I know what the laws of political petitions are, but I hope that this will pass muster, especially as it is not a political petition.

In her covering letter to me Doris states:

"On second thought, I believe the words, 'periodically tested' are much too indefinite. What would stop 'wise-Alex' politician from contriving to have the period set at every 100 years starting in 2092 ... or something only slightly less ridiculous.

"I feel the ordinance should state a definite time period."

She also says:

"My thanks to all of you who are doing so much to preserve and protect our beautiful Adirondacks, I wish I had the 'pep' to do something to help. This summer marked my 79th year as an Eagle Laker!"

Sincerely,

Robert C. Stevens
