Dear Mend Luthy:

No news here; but I had occasion to pay Wickes for our taxes and wrote him a few lines, suggesting he write me about the Dam matter & try & get Stanton to restore the Dam. I am sending you his letter as it might have a new idea in it for you. I had not before thought of their trying to see us the lot. Looks like a foxey moon on their part ~~_____~~. Wonder how much they will try to hold us up for.

Hope you folks are all well & happy -
With our best regards I am

Sincerely yours
Geo E Hood
