Dear Sir:-

Through Mr. C. Willard Greene, Aquatic Biologist of the Conservation Department of the State of New York, I have been advised of a recent, interesting paper entitled "Objectives and Methods in the Lake Inventory in Michigan" treating on the improvement of lakes for fishes, by McMurry, Eschmeyer and Davis.

I would appreciate your sending me a copy of the above paper. If there is any expense for same kindly advise me and I will remit by next mail.

very truly yours,

Secty-Treas.
