Dear Mr. Luthy:

I am pleased to send, under separate cover, a copy of the paper which you request in your recent letter, also some general comments on lake improvement and a few diagrams.

We have made detailed examinations of about 150 lakes with recommendations for improvement of fishing in each case. Unfortunately none of these have been printed.

We will be glad to try to answer any questions which you may have regarding our lake improvement work. Since conditions in our lakes vary quite considerably we are unable to make a set of improvement recommendations which will apply to all lakes.

Our paper "Lake Inventory in Michigan" is quite general while our reports on the specific lakes state in detail which improvements are desirable for the lake in question.

Sincerely yours,

INSTITUTE FOR FISHERIES RESEARCH
