Dear Sir:

I have your letter of June 3, also copy of affidavit. I expect to go to the lake on the 19th of this month and do not wish to do anything along the lines you mentioned before that time. It is my opinion it will be best to use all means for a private settlement before we do anything in a legal way. I think that a law suit would be a long drawn out affair and prefer not to connect myself with same. I appreciate your efforts and wish you success in the matter.

Hoping that all parties concerned will be at the lake early so that we may discuss the matter.

Yours truly,

WSL/MGK
