Dear Mr. Higginbotham:

On behalf of the Eagle Lake Property Owners' Association, I want to thank you for your efforts in trying to determine the cause of pollution in Eagle Lake.

In your letter to our member, Mr. Robert Stevens, you mentioned whether "we would like you to meet with the Association".

The Eagle Lake Property Owners' Association is having its annual meeting and picnic on Saturday, July 19th, rain date July 20th.

I would like at this time to extend our invitation to you to attend this affair as our guest, if it is convenient for you to do so. If this date is not suitable, I am sure that our Executive Committee and Mr. Stevens would be happy to meet with you at the Lake on a mutually agreeable date.

I, personally, will be at the Lake the week-ends of June 27th, July 3rd, July 11th, and July 18th. Should you desire to contact me by phone, my number is 518/585-2594.

We are looking forward to meeting with you, and want to extend our sincerest thanks for your effort on our behalf.

Very truly yours,
