Mr. Clifford D. Tobin  
26 Gaspen Court  
West Albany, N.Y.

Dear Cliff,

Relative to Shelly Wickes' letter to you dated June 13th may I suggest that a meeting of the Eagle Lake Property Owners Assoc. be called over the July 4th weekend so that a representative of the association can go to the hearing with a resolution approved by the association in opposition to the application.

I have found from experience that a statement presented at such a hearing on behalf of an association representing all the local residents has considerable influence on the final decision.

I am trying hard to arrange things so that we can be at the lake over the 4th to open up the cottage and then return at a later date for vacation. If I make it I shall be at your meeting if you have one. A copy of my most recent letter to the Water Resources Commission is attached.

I will close by saying that I think Shelly should receive a vote of thanks for keeping us all posted on this matter.

Sincerely,

  
Alfred E. Runge

CC: Sheldon F. Wickes
