## Division Of Community Planning And Development

William Johnston, Director

Elizabethtown, NY 12932  
Telephone 518-873-6301

July 14, 1980

Dear Sir:

Essex County, through the Essex County Planning Office and in conjunction with the NYS DEC and Cahn Engineers, has undertaken a program to study sewage problems and possible solutions for your community. The Study will include public meetings (Fall, 1980) and a survey of homeowners to determine the extent and magnitude of on-site wastewater disposal problems. Sanitary surveys and evaluations will be conducted for all towns in Essex County, in areas having the most serious problems.

There will be no local costs for the survey, the evaluation or the development of possible solutions by the Engineer. Also, the study will NOT impose any specific solution on the community.

Please be advised that the Essex County Planning Office staff will be conducting sanitary surveys in your area during July and August.

If you have any questions regarding this matter, please do not hesitate to call.

Thank You.

JAC/KAC/NA

Sincerely,

*Victor J. Putman*
