Dear Mr. Stubing,

Unfortunately, I have never met you, and, as there were so many people at the Eagle Lake Property Owners' Association meeting last Saturday, that I don't know if you were there or not.

If you were not there, you will be interested to know that Essex County is in the process of doing a sewage disposal survey of the County, and we were able to have the county representative, Mr. Putman, come to the meeting. There he promised to start the survey on Eagle Lake this week. We put notices in everyone's mail box asking for their cooperation in the die testing program, and I am looking forward to the results.

I think that this effort is what you had in mind when you wrote me in May, and I thought that you would be pleased to hear the results.

If there is anything further that you would like me to do, please let me know, as everyone is interested in eliminating the pollution in the lake.

Sincerely,
