

Dr. J. R. Kane  
Eagle Lake  
Ticonderoga, N. Y. 12883

July 28, 1986

Dear Bob:

Thank you for your letter of July 16, with new listing. We have been working on it constantly, and believe up to date now with exception of Strebe, Andes, N.Y., which we have not been able to locate. He is on property roll.

Jim Papero and his men were down last Thursday, 24th, and took out one board from the top of the day, which should lower the level about four inches. On Saturday, it was four inches above the pin, having dropped about  $1\frac{1}{2}$  inches since they removed the board. It might get down to about two inches above the pin.

The beavers continue to be a big problem. I have a couple of guys in mind whom I believe can eliminate them, but we will have to spend some money. I'll try to get a price before doing anything. I have discussed it with the officers and G. Conklin.

I am returning your letter with some notes on it to make it easy to reply. Also; a copy of the map with more notes.

To date, we have received 30 "yes" votes and six "no". They are not coming in from the DeLancy area, and I heard that they circulated his petition and mailed it to Ray Brook with twenty-seven signatures.

Copperknoll property listed for sale by Century.

Best wishes for a real fine wedding,

*Joe*
