Roslyn, New York

Application No. 5-4-69  
Harland Stubing  
Fill in Eagle Lake

Dear Sir:

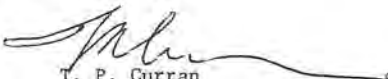

Enclosed is a copy of the memorandum of determination and the permit issued this date to Mr. Stubing to place fill and riprap on the shore of Eagle Lake, Town of Ticonderoga, Essex County.

The permit, as issued, includes special conditions numbers 13-18 which must be adhered to by the permittee during construction of the project. We feel the project is in the public interest if completed in accordance with the drawing which is a part of the permit and the conditions of the permit.

If any problems develop during construction, please feel free to contact this office to discuss any provisions of the permit you believe may create a problem.

Your interest in this application and the Stream Protection Program is sincerely appreciated.

Sincerely,

  
T. P. Curran  
Central Permit Agent
