CONSERVATION COMMISSION

ALBANY

August 25, 1913.

Mr. Edmund O. Luthy,
Eagle Lake P. O.,
near Ticonderoga, N. Y.

Dear Sir:-

Your very kind letter of August 18th received and I thank you for the offer of your kind hospitality, but we are so rushed at this season that we can hardly stop at any one place to do the work necessary, so I shall be obliged just to rush up and rush away to other work.

I will come up Wednesday morning, August 27th, on the 8:30 train and inspect your dam as requested.

Very truly yours,

Conservation Commission,

By *Alex Rice McKim*

Inspector of Docks and Dams.

At Albany on Tuesdays.

McK/C.

Address all communications to the Conservation Commission.
