Re: Route 73
Town of Ticonderoga

Dear Sir:

At the annual meeting of the Eagle Lake Property Owners Association on August 14th I was requested to express to you that the unanimous desire of those attending the meeting was that the present Route 73 be left as it is and a new road should follow Segment 5 on a new location approximately $\frac{1}{2}$ mile south of the present road from Chilson to the Ticonderoga Schroon Lake Town Lines.

A new route would avoid the destruction of many of the homes and cottages that are along the present road. This is most important as is maintaining the appearance of the area.

Very truly yours,

Alfred E. Runge
President
