Mr. & Mrs. Herner  
Paradox Lake  
Essex County, N.Y.

Dear Mr. & Mrs. Herner,

We were at the Paradox Lake meeting August 31, which Mr. Gurley of the State Highway Department attended, and were pleased to see so good a turn-out. I believe it was worth while and congratulate you and the others who organized it.

We would be interested in all developments as they occur. I'm writing now to suggest a joint committee be formed, if it has not yet been formed, of the officers of the two associations and a few other interested residents. Enclosed is a proposal letterhead and I suggest an address or addresses be printed at the bottom. Also we should have bumper stickers printed up and mailed to all members with a request for donations.

I am in touch with Mr. Carlson of the State Highway Department and he has written asking my comments regarding alternate routes to 73, as a planner. Shall be glad to send copies of correspondence to your association.

Sincerely,

George W. Conklin  
Urban Design Assoc.
