Dear Friend Lutz:

W. O. Lutz  
 Your good letter of 30<sup>th</sup> we rec'd & enjoyed.  
 We certainly regret that we could not have been  
 at the lake during the beautiful month of Sept.  
 I see by the paper that temperature fell later to 16°  
 so guess you struck a day or two of frost before  
 you got away. Am glad Fitz Gerald could  
 be with you for a time & wish I could have  
 seen him also. Peter's letter I enclose as

 home. Ruby is with us & we are keeping her as

quick as m can trying to feed her & fatten  
her up a bit. Lotta got herself a larger  
Cabinet Victrola & keeps me busy playing new  
records for her. She surely has the craze &  
is getting quite a collection. Her ear keeps  
a lot & few have better selections. Business  
is surely poor but my medicine business  
keeps out a lot & I manage to keep the  
Department busy. Write us when you can
