Dear Mr. Greene:-

I have before me your letter of November 29th
in reply to mine of November 22d.

I note that this is your busy season and that
you will answer my letter in full detail and to better
advantage later.

I am in hopes that the Conservation Department
and our Association will be able to "get together",
co-operatively, in using Eagle Lake for the experimental
stocking with minnows.

I shall await your more definite reply to my
letter of November 22d, at your leisure.

very truly yours,

Edmund O. Luthy.
Secty-Treas.
