

December 18  
1933

Mr. Fred L. Porter,  
Crown Point, New York.

Dear Mr. Porter,-

I have my Summer place, as you probably know, at Eagle Lake, and this last year the water was very low. I understand the dam which Senator Ferris used to own has been sold to the State, and I wonder what could be done to raise the water up to its former level.

I noticed in a Ticonderoga paper that Mr. Flint had a suggestion about raising the dam. Mr. Luthy and I are in a little association for the Lake for fishing, although neither of us do any fishing personally. I would be glad if you would give me an idea as to what it is necessary to do in order to get the necessary permission to rebuild the dam. I am not sure just what the Lake Association would do, but if it is a small sum of money, and I don't believe it would cost very much, I think we might be willing to do it, or to help out.

With kind personal regards,

Sincerely yours,

(Signed) Eliot Spalding
