will you be kind enough to send me what
you can of the ~~copy~~ ^{copy} of the
Clydeaslet ~~copy~~ ^{copy} of the ~~copy~~ ^{copy} of the
of your letter of 26th is before me

I thank you for the confidence to follow and
support me in ~~the~~ ^{the} ~~copy~~ ^{copy} of the ~~copy~~ ^{copy} of the
Only yesterday I received ~~Stuit's~~ ^{Stuit's} letter in which
you a copy. I am sure it is apparent that
we will have to ~~go~~ ^{appeal} to the Court in order to
get this Newton ~~out~~ ^{straightened} as the
O.C. will not ~~interfere~~ ^{interfere} in the ~~matter~~ ^{matter}.

The only question in my mind ~~is~~ ^{is}
shall we appeal to the Court for a ~~decreed~~ ^{decreed}
on Newton to ~~restore~~ ^{restore} the ~~Dam~~ ^{Dam} ~~to~~ ^{to} its former
condition (then how would we be assured that
he would not interfere again with us?) or
shall we ask an injunction to be served
on Newton to ~~prevent~~ ^{restrain} him from doing any
thing ~~with~~ ^{with} the ~~Dam~~ ^{Dam} without ~~our~~ ^{first getting} ~~consent~~ ^{consent} of the property owners? If we
could enjoin him, there are many features in our

favor by such action (as explained in my letter
 to ~~Trust~~), but if we undertook such
 action, would all the property ~~interests~~
 be satisfied? I understand that the
 water level at most of the riparian ~~by~~
 structures ~~has not been lowered enough~~
 is such as to ~~admit of this~~
 structures being readjusted to meet
 to ~~prevent our reconstructing these~~
~~structures~~ ~~to~~ ~~the~~ ~~new~~ ~~conditions,~~ ~~as~~ ~~to~~
 trifling ~~costs~~ ~~for~~ ~~that~~ ~~as~~ ~~true~~ ~~as~~ ~~is~~ ~~our~~
 Runge, ~~yourself~~ ~~of~~ ~~the~~ ~~fact~~, ~~could~~ ~~lower~~
 your structures with ~~out~~ ~~great~~ ~~expense~~ ~~to~~
 meet ~~this~~ ~~new~~ ~~level,~~ ~~it~~ ~~appears~~ ~~to~~ ~~be~~
 much less expensive than to ~~begin~~ ~~at~~ ~~the~~
 (to which I am absolutely opposed) ~~is~~ ~~obviously~~
 we can ~~prevent~~ ~~our~~ ~~expense~~ ~~of~~ ~~such~~ ~~reconstruction~~
 action from Newton through legal actions.
 Besides with the water at present ~~low~~
 level ~~if~~ ~~we~~ ~~can~~ ~~permanently~~ ~~hold~~ ~~it~~ ~~so~~
 there through an ~~injunction~~ ~~at~~ ~~least~~
 the following ~~is~~ ~~the~~ ~~effect~~ ~~of~~ ~~all~~ ~~the~~ ~~present~~
~~work~~ ~~that~~ ~~has~~ ~~been~~ ~~done~~ ~~and~~ ~~is~~ ~~being~~ ~~done~~

levy of the assessment, I do not feel safe in using the fund for that purpose -
If on the other hand a few of us should stand the expense of preliminary legal action such as I said or I ^{had} ~~proposed~~ ^{suggested} would our action be satisfactory to the rest of the members? ^{I think out all of} Mrs. Schmidtopp will join in any action that I propose to take and will pay her proportion if you & one or two others would join with us, if we can together decide what is best to do - for all concerned there would be no trouble in instructing this to go ahead. Fitzgerald being away and leaves him non committal & as his property, Prange, Jones & Hunt are ^{liable to be} ~~responsible to the~~ most affected by the low water level I could not conscientiously direct what should be done without your approval of it. If therefore you can enlighten

me in the matter I would be better &
able to decide. For this reason I
suggested to drop the matter until
July, after some or all of us can
get to the lake & see how each one
properly ^{has been} affected & ~~what you think~~
of the two propositions for action
and appeal to the Court for ~~order~~ ^{restraint}
to restrain the dam - not to say to tell
b. appeal to court for injunction ~~for~~
preventing Weston doing any thing
at all with out ^{unanimous} consent of property holders.

I am surprised that ~~Weston~~ has nothing
to suggest that he remain in the road
back ~~to~~ ^{at} ~~the~~ ^{whole} ~~of~~ ^{the} ~~road~~ ^{of} ~~the~~ ^{land}
I had to appeal to the court to
order ~~the~~ ^{the} ~~road~~ ^{road} ~~to~~ ^{to} ~~be~~ ^{be} ~~closed~~ ^{closed}
from ~~the~~ ^{the} ~~road~~ ^{road} ~~to~~ ^{to} ~~be~~ ^{be} ~~closed~~ ^{closed}
I am ~~not~~ ^{not} ~~sure~~ ^{sure} ~~if~~ ^{if} ~~you~~ ^{you} ~~will~~ ^{will} ~~be~~ ^{be} ~~able~~ ^{able} ~~to~~ ^{to} ~~do~~ ^{do} ~~it~~ ^{it}
