Re: Proposed Zoning Ordinance

Dear Sir:

I am glad that the Town has the foresight to again consider a good zoning ordinance and I hope that this time with proper preparation and advertising, it receives the approval of the residents and your board.

There is one Section (7.15) that I think should be eliminated or modified for the reasons I have expressed in a letter to the Planning Board a copy of which is attached hereto.

Your serious consideration of what I feel is a needed change will be appreciated.

Very truly yours,

Encl.
