

Eagle Lake Property Owners Assoc.

Hiking Schedule
Update

The Treadway hike scheduled for Saturday August 10th is postponed until Saturday August 17th. Reason: The Property Owners Assoc. Annual Meeting is scheduled for the 10th!

Sailboat Racing

There appears to be considerable interest in sailboat racing. As an initial step in working into a possible racing program it has been suggested that anyone interested should arrive with their boat off Eagle Rock at 10 A.M. on any Saturday morning for informal racing. The Assoc. is looking for someone to oversee this on a weekly basis and perhaps formalize it into a regular racing program. Call Al Olsen, Pete Buchner, or Bill Krauss.

Eagle Lake Property Owners Assoc.

Hiking Schedule

The following schedule is to be undertaken on an individual responsibility basis.

The Property Owners Association is not sponsoring the following hikes. Those interested in any or all should meet at the designated meeting place and those there at the suggested departure time will then start out on the hike.

Each person going will be his or her own guide and be responsible for themselves.

Saturday July 20 9:30 A.M. Otter Pond
Departure Point: Boat landing at state trail marker on south shore of Eagle Lake south of the causeway. Length .5 mile up hill. Good beginners hike. Can be completed up and back before lunch.

Saturday July 27 9:30 A.M. Little Stiff
Departure Point: Old Hunter farm off of Storey Lanesome which branches west off the Snowflake Road (Corduroy). This is a very easy hike - not a great deal of verticle but wonderful view of Eagle Lake and off to the west. Unmarked trail so it is necessary for someone who knows the way to be on this hike. Easily completed

242
before lunch but great place also to enjoy
a picnic lunch.

Saturday August 3 9:30 A.M. Knot Ints.
Departure point: old Hunter farm off Stony
Lonesome. More difficult. Trail unmarked
so necessary for someone who's been up
Knot to be along. Highly rewarding
with views to west, down sheer west face
to Knot Pond and if day is clear, Lake
Champlain can be seen to the N.E.
Picnic lunch suggested.

Saturday August 10 9:30 A.M. Treadway
Departure Point: East shore Putnam Pond
at end of road leading in from Chilson.
This is quite a challenge and an all
day hike so bring picnic lunch. Trail
is yellow marked around Putnam Pond -
start off to the left facing the Pond.
At junction bear right to Mud Pond Trail.
Treadway bears left off Mud Pond Trail.
well marked so no guide necessary.
