Cincinnati, Ohio

Dear Mr. Luthy:-

This is to acknowledge receipt of your letter of January 16th, in regard to the C. W. A. projects in Essex County.

In reply will say that the Department will do what they can to push this work along but Mr. Flint, or some other interested party in Essex County, should contact the County Chairman of the C. W. A. If the project is submitted, I have every reason to believe that the Department will approve of the same.

Thanking you for your cooperation, I beg to remain

Very truly yours,

*S. M. Cowden*

Superintendent of Fish Culture.
