January, twenty-third,  
1 9 3 4.

Mr. Frank B. Wickes,  
C/o Mess. Wickes & Wickes,  
Ticonderoga, N.Y.

Dear Mr. Wickes:-

I am writing you, upon request made of me in a letter recently received from Mr. Spalding, suggesting that owing to the low water-level of Eagle Lake the dam at the outlet be raised so as to hold the water at a little higher stage.

In that connection Mr. Spalding had written to Assemblyman Fred L. Porter and I am inclosing you the copy of this letter with Mr. Porter's reply.

I answering Mr. Spalding's letter to me, I requested him to see you about this proposition the next time he is in the vicinity of Ticonderoga and knowing your views about the matter, the two of you could determine what might be best to be done about it.

I imagine, of course, that it would be necessary to get the unanimous consent of the property-owners to raising the present virgin level, and to agree upon a level satisfactory to all.

However, whatever you two decide upon doing in the matter I will cooperate with you on any consistent water-level, and, if the proposition meets with your approval, to proceed with it, together, for its accomplishment.

As you well know, it will be most important to know in advance under whose jurisdiction the dam will be, who will have to maintain and control it and that the water-level must not be raised and lowered at will beyond the agreed level.

I trust you are feeling well and am with my best regards to you and the family,

sincerely yours,

Incl:-Copy letters Fred L. Porter.
