Dear Mr. Luthy:

I acknowledge receipt of your letter of the 23rd enclosing copy of correspondence between Mr. Spalding and Fred Porter.

I shall be pleased to help raise the level of Eagle Lake to a reasonable extent but I have apprehensions that there will be some difficulty about it.

We, perhaps, can claim that the village water works taking water out of Gooseneck, which outlets into Eagle Lake, has lowered the level.

Yours very truly,

Frank B. Wickes
