February 25, 2006

Please accept the following documentation as our application to the NYS DEC Aquatic Invasive Species Eradication Grant Program for the fiscal year 2005-2006. The ELPOI and the Towns of Ticonderoga and Crown Point are working cooperatively together on the eradication of Eurasian Water milfoil project. The ELPOI is the Not-For-Profit that is applying for the grant. If ELPOI is selected to receive funding under this grant the ELPOI asks that the Town of Crown Point administer these funds. We are doing this because they have greater expertise in understanding and executing fund disbursement. Crown Point is currently administering the ELPOI's funds from Senator Stafford's Aid to Localities Grant, which was awarded to the ELPOI in 2000 for milfoil control. Sharon Henderson, Legislative Aid to Senator Little, has indicated that these funds can be utilized as a match for the eradication grant.

Thank you for your consideration of our application. We look forward to a positive reply and the next steps in the process. We are eager to continue our efforts started in 2005 for milfoil eradication in Eagle Lake. With the aid of this grant we believe that some of lakes the impaired areas will be able to start to return to "normal".
