Dear Al,

Enclosed you will find copies of my correspondence with Melvin Porter, Mrs. Belkevich and Mrs. Lange, in addition to the money the Association owes you.

Mrs. Belkevich requested a copy of our membership list. I do not know what she is up to, but can assume that it is no good. I felt that since she was a member she was entitled to the list. You will note that there are several new members this year. These names are mostly people that Mrs. Geisel and Mrs. Belkevich brought to me on that famous August Sunday (August 24).

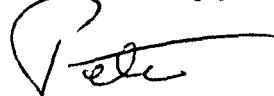

I have paid the lawyer, Mr. Murdock. If this thing keeps up I think you should have him represent us again.

I talked with several people at the Lake over Labor Day weekend. They all seem to be in our corner. They also agree with us that we should have a lawyer to handle the problem if it is necessary.

I hope that by the time you get this letter the Adirondack Park people have made their investigation and put an end to this "circus".

Keep me posted on what happens.

Yours truly,

Peter L. Buechner
