Subject: Eagle Lake Millfoil

9/9/2011

Dear Mr. Bennett:

The Town of Ticonderoga is considering acting as lead agent on a proposed 2012 Eagle Lake milfoil treatment with the herbicide Renovate. In regards to this, I am interested in having a pre-submission meeting with DEC and APA staff to review the draft permits application.

This request is being directed to you, as per your suggestion during a phone conversation between you and the Eagle Lake Milfoil Project Coordinator, Rolf Tiedemann. We hope that you could coordinate applicable DEC and APA staff for the purposes of this review meeting. It was suggested the DEC office in Warrensburg be the meeting site.

Of specific interest to the folks working with the Town for preparation of the permit application are open questions relating to plant surveys, small "spot applications" without curtains, and other such details that are pertinent to this permit application.

I have asked Rolf Tiedemann (Project Coordinator for ELPOI), Chris Hyde (ELPOI President) and Edward Fitzgerald (Attorney for ELPOI in connection with the permit application) to join me at this meeting.

Included below are the available dates for members on our team to meet. If possible we would like to have this meeting take place in the month of September. Please advise as to yours and your staff's availability and suggested time for the meeting.

Sincerely,

Debra Malaney
Supervisor
518-585-6265 X12
