Dear Members and Friends of ELPOI,

We have learned that the boat launch would have something similar to the picture below:

This barrier was installed in Garnet Lake last fall. See Link for Sun community news Article:

<https://www.suncommunitynews.com/articles/the-sun/dec-modifies%C2%A0trailered-boat-launch-on-garnet-lake/>

Because the documents related to this date back to the late 80's with the last revision in 2016, most of this is already in motion. The 2018 document further refines changes to the HPWF unit management plan. We have spoken to the DEC regional director Robert Stegemann, a person that we have had previous contact with during the Milfoil project.

He agreed to be the DEC point of contact regarding our concerns related to the "recent" changes.

We urge you to write letters to any and all that are involved. Please think of how this will impact your day to day life on Eagle Lake. I have included the addresses for the people that need to hear our concerns. Your letter should be written to Bob Stegemann with a CC to the others below. If you would like to share your letter with ELPOI board or you would like to me to email them to those below, please send them to me. I have email addresses that are not "public".

**We ask that your letters include the following points:**

1. Your concerns related to Health and Safety.
2. Lack of notification to property owners.
3. The way that these changes will affect you.
4. Lack of alternate solutions to situation.

**DEC**

**Robert Stegemann**

**Regional Director: Region 5**
