5/1/22

New York State Police Troop B

Schroon Lake substation

I am writing you today on behalf of the Eagle Lake Property Owners, ELPOI, to request your continued assistance in improving safety along the Rt 74 corridor as it passes by and thru Eagle Lake. The posted speed limit is 45 MPH. However, too often motorists are going much faster than that as this is a major corridor between Ticonderoga, Crown Point, Port Henry and Vermont to access I87. During our yearly ELPOI meetings residents continue to speak of numerous occurrences of speeding, passing on a double solid line or close calls in the Eagle Lake area.

I would request your continued assistance for increased summer police presence along the Eagle Lake corridor to enforce the Speed limit which would increase residential safety along that unique stretch of Rt.74.

Increased police patrols and enforcement in the past few summers has been noticed by residents, including myself, and is greatly appreciated. Some residents have offered their driveways for Law Enforcement to use as parking spots while enforcing the speed limit as well, I have contacted the Ticonderoga Town Supervisor and sheriff's dept for possible increased patrols and use of their radar signs on the holiday weekends again this year and we are hoping to have permanent signs installed sometime soon. We certainly hope that the increased focus on enforcement in the summer months and possible deployment of radar signs on holiday weekends until permanent signs are installed will help to continue to prevent future tragedies. Please let me know of any scheduling for speed signs and I can help coordinate with the town and other authorities

For coverage.

Sincerely,

Keith Park

Secretary ELPOI
