

# Eagle Lake Rt74 water meeting time see website may have changed

I just received the following note about the posted time for the EL water meeting. It appears to have changed since the last email. I did check the website, see image below for times- there are two meetings scheduled that day- which one(s) will cover the water issues I don't know- check with the Town for specifics.

I also had some time to read the most recent 2022-5-12 board meeting minutes- there are several reference in the minutes that relate to the topic of EL Rt74 water first on page 13 see image below and then followed up by 10 plus pages of discussion on pages 29-39- full PDF of meeting minutes attached. I suspect that by looking at other meeting minutes dates you will find considerable additional dialog on the subject.

the bold headings below are what was shared.

Again I'm the messenger, I will have not/will not be attending an meeting(s) and any information shared/ presented is what has been provided by others, or has been found on the Ti Town website- my only involvement is as holder of the database email list.
