Joyce-

It was great talking with you last time I was at the lake. thank you again for you past years providing a sponsorship on the ELPOI website. as mentioned we will for the coming year continue doing what we have in the past-

In exchange for your sharing summer internet bandwidth to support the off premisses webcammers we will comp one of the 2 web sponsorship listings, and allow you to send a donation in the amount you see fitting for the other. This is the same that you have done for many years prior is greatly appreciated.

If there are corrections to the listings, I will be sharing the prior art work with whoever assumes the responsibilities that I did towards this task and will work with them for this year to get corrections made. please advise if there are any changes necessary in your renewal.

Please see the newsletter that was emailed earlier this month and print the renewal letter and send a check to Keith Park at the address provided or plan to bring it with you to the annual meeting on July 13 if it fits your schedule.

It has been great working with you on the sponsorship since its inception, your patients as we worked out the details for artwork preparation and getting the coding correct was appreciated. I/we are hopeful that we can continue to get support in the future for the sharing of some of your summer internet bandwidth to continue to support the camera located on your house and those located across the lake. These are some of the most visited web pages on the ELPOI site. Your willingness to allow my intrusions into your quiet summer days/evening to make tech support changes have been appreciated.

Thanks again for everything. Dianne and I will see you for the 4th or shortly there after.

Rolf
