Mr. Edmund O. Luthy
"Ednet" Lodge, Eagle Lake
Ticonderoga, N. Y.

Dear Mr. Luthy:

Thank you for your letter of September 15.

I saw Howard Monday night and he thinks that the line we are now proceeding may produce some results and he intimated that one of the engineers of the Conservation Commission would look over the site of the dam on Tuesday. If I hear anything further I will of course let you know.

We arrived home safely after a very enjoyable stay. Best regards to you and Mrs. Luthy.

Sincerely,

Henry D. Rodgers
