Feb. 7

Dear Wadge,

Karl asked me to write and tell you they are planning the ice carnival at Eagle Lake Feb. 19th. He would like to have you write cards to association members you think might be interested.

Hope you are all keeping well this winter.

We went to Albany Sun. Jan. 22nd.

The baby had a very bad cold so I stayed down until Thursday. She was still coughing badly when I left, but was better in a few days. Esther and Mickey had a cold too. Last week Lois was home with one.

I started getting a cold on Sun. Jan. 29. Did not think I would get sick but had to have the Dr. on Wed. He said I had to go to the hospital for an x-ray. It was almost pneumonia but I only stayed until Saturday P.M. I am not over the cold and am still very weak. Guess I should have

stayed longer, I told the Dr. I felt
like coming & wanted to come home.
Guess I'll feel better in a few
days.

Our best to you.

Sincerely,
Barth.
