Dear Mr. Grupe,

Enclosed is the information that we talked about several months ago with regards to the replacement of the TRP with the Adopt-A-Natural Resource Program. Sorry for the delay in completing the paper work but it has been a busy Fall.

If there are others that will be involved in the program I will provide you with their Social Security numbers after a clean up event. Do you have a form for reporting these additional SS numbers?

Let me know if there is any other information that you need with regards to this application.

Sincerely,

Rolf Tiedemann
