

Attachment G. Ownership Documentation and Permission

The EPLOI maintains its own up-to-date membership and lake property owners list. This list is keyed to the tax maps for the towns of Ticonderoga and Crown Point. The list is restricted to use by ELPOI membership due to issues of privacy. It can be accessed as necessary for the completion of necessary permits, etc. Permission to carry out the hand harvesting and matting as spelled out in the Non-Jurisdictional letters is being granted by those lake residents that are working on the project.
