

Review Your Application

Please review your impact report information. If you are not ready to submit your impact report at this time, click the "Save Only" button. The impact report will then be available to edit from the Welcome page. Clicking the Submit button will immediately send the report to International Paper and you will then be unable to perform further editing.

Contact Information

- * First Name Zachary
- * Last Name Dorfman
- * E-mail Address zachary.dorfman@gmail.com

Organization Information

- * Legal Organization Name Eagle Lake Property Owners, Inc.
- * Address C/O Rolf Tiedemann, Treasurer 358 Electric Ave
- * City Rochester
- State New York
- * Postal Code 14613

Request Information

Funding Amount \$700.00

Impact Information

* indicates required field

- * Project Title Environmental Water Quality

| | |
|--|---|
| * Project Summary - In one or two sentences, describe the project and anticipated impact. | This grant's funding supports ELPOI's testing of environmental water quality. ELPOI continues to support the public outreach for education of lake issues and our ongoing efforts to monitor, maintain and document the water quality of Eagle Lake, which is located in the Towns of Ticonderoga and Crown Point NY. |
| * What type of support was given by International Paper? | Cash Grant or Cash Donation |
| * What total number of hours did International Paper volunteers contribute for this project? | 48 |
| * How many International Paper Employees volunteered for this project? | 0 |
| * What number of people does this project support? | <ul style="list-style-type: none"> • Pre-School Children (Under 5) 10.00 • Elementary Children (5-12) 10.00 • Middle/High School Children (13-17) 10.00 • Young Adults (18-24) 20.00 • Adults (25-59) 40.00 • Adults (60+) 40.00 • Unknown/Unreported 20.00 |
| | Total 150.00 |
| * What is your primary objective with this project? | Environmental Education |
| If Environmental Education: | Teach about water sustainability |
| * Considering your primary objective, how would you rank your overall project success? | High success |
| * Why did you choose the rankings you selected for the primary and secondary objectives? Include | Based on CSCLAP testing and reporting. Below are quotes from the 2019 CSLAP water assessment: |

achievements, challenges, and intended improvements.

Eagle Lake continues to be oligotrophic, or unproductive, based on moderate water clarity, low algae

levels (chlorophyll a), and low nutrient (phosphorus) levels. Soluble nutrients were analyzed again 2019.

Most of the nitrogen in the lake is soluble, indicating a potential for more algae growth. The lake has

near neutral pH, intermediate hardness water, low water color, and low nitrogen levels.

Compared to other nearby lakes, Eagle Lake usually has higher water clarity.

Since 2000, deep phosphorus and conductivity have increased slightly, and water quality survey

assessments have improved slightly.
