

EAGLE LAKE HOME OWNERS ASSOCIATION

1985

Since I became your president, there has been much activity which you may find of interest in this my first attempt at a newsletter.

So here goes....

At the annual meeting the following slate of officers were elected.

President - William F. Donnelly

Vice President - Robert Delano

Secretary - Marcie Fleming

Treasurer - Peter Buechner

Treasurer's Report: Balance of \$2,933.61.

Approval was given to donate \$50.00 to the Chilson Fire Department and \$50.00 to the Ambulance Service.

Approval was given to fund the building of two picnic tables for the Crown Point beach area. Jim Davis will provide the labor free of charge.

Concern was expressed by several members of the unsafe operation of large power boats without regard for the safety of swimmers and small craft on the lake.

Hank Bartlett once again volunteered to chair the Sweatshirt Committee. More on this in the spring.

Concern was also expressed on the following topics:

Lake Level

Lake Pollution

Speed Limit on Route 74

Refuse at the Lean-to and picnic area

Visible Building Permits

Your president has appointed the following committees and results are as follows:

Lake Level Committee - Members

Robert J. Stevens - East End

Bill Allen - Center Lake

Bob Delano - West End

Task - To maintain lake water level in accordance with control limits voted on last year. Concern for all sections of the lake will be represented by each of the above members. Starting next spring, adjustments will be made to contain enough water to carry through the summer dry spell, so that the lake level does not

go as low as we have experienced this year. In the fall, after the boating season is over, the level will be lowered to prevent ice damage to docks and boat houses.

Lake Pollution Committee - Hank Bartlett, Chairman

Letters have been forwarded to the Adirondack Park Agency and New York State Department of Environmental Conservation concerning lake pollution. More on this as results come in.

Route 74 Speed Limit Committee - Joe Zepf, Chairman

Letter forwarded to New York State Department of Transportation requesting lowering the speed limit to 30 m.p.h. from the bridge to the Penfield intersection.

Beach Committee - Bill Donnelly, Chairman

Lean-to and the surrounding area was cleaned. No damage was noted at the lean-to area. Small amount of refuse was picked up and signs have been prepared to post for next year requesting removal of refuse by users of these areas.

Beaver Patrol Committee - Bob Delano, Chairman

Due to a late start only one beaver was trapped.

SCORE: Beavers - 1

Lakers - 0

We'll give them hell next year.

In conclusion I hope you all have a safe and happy winter and I am looking forward to seeing you in the spring. Do not hesitate to contact me about your concerns and happenings for our future newsletters.

Sincerely,

Bill Donnelly
